My Own Dear Child—How many long years I have had to bear in silence the 155nRsony of uncertainty regarding your for you, which would not be silenced.

Sibut grew stronger with the lapse of years! Owing to the separation of Mr. Madock from his first wife it is but that right I claim the place left vacant by her and break the silence of the past 62, 9ong years.

Ty Timy dear and only child, it is your to have you you from across the sea in the hope of you from across the sea in the hope that you will answer and set her anxious heart at rest. It will not take a great deal to make me most happy. If you are happy, well and beloved, all I ask 100. It is that you write me and let me know 02 all about yourself. I would not have you of wall to you from a greateful action toward of this by Dilaxin. The first dose acts so and the last is no less trustworthy. How different this is to one's experience with cathartics. They lose power in proportion to one's familiarity with them.

In the long run Dilaxin, which can be secured wherever Epsom saits are found, is cheaper than even the commonest cathartic. Thus it enjoys the important indorsement of economy. But its chief value to man and woman is its power to cleanse the bowls completely. This brings to the user a sense of mental and physical exhibitant in the place left vacant by heart at rest. This brings to the user a sense of mental and physical exhibitant in the place left vacant by her and to result and physical exhibitant. There is no plausible objection to your doing so, for the expense is trivial and the results all that could be desired. In fact, enough Dilaxin to entirely relieve an average case can be obtained of your dilating the provided for you when in proportion to one's familiarity with them.

There is a saying among soap manufacturers to the soap is all right; more than 5 per cent. is all wrong.

Some naphtha soaps contain as much as 25% rosin. Do you know why? Rosin is cheap. That is why.

And so we offer this advice: Never buy any other than a white naphtha soap.

P. & G. Naphtha Soap is white-there is no rosin in it.
